Technical Bulletin #2016-#01

TO: All Polyglass Users
CC: POLYGLASS Sales & Technical Services
Date: March 02, 2016
Author: Steven C. Wadding RRC, RRO, CDT
National Technical Services Manager
RE: Internal Printing of Product Quality Control Identification

Polyglass has instituted a process of printing our Quality Control numbering identifiers using an in-line ink-jet printer as part of the manufacturing process.

Printing is placed on the outside of tape wrap rolls directly to the burn-off film, sand, removable release film or other parting surface.

If you should have any questions on this matter feel free to contact us.

Special circumstances and questions should be addressed to POLYGLASS Technical Services Department.
