

PROJECT REFERENCE

Waterside Shops at Pelican Cay Florida, U.S.A.

Commercial

Major renovations were done to this high end shopping center - home to some of the world's finest retailers. The Waterside Shops at Pelican Bay is home to retailers including Cartier, Gucci, Louis Vuitton and Burberry, to name a few.

With over \$22 million of renovations at stake, the developer knew the importance of utilizing quality materials. While there are several underlayment options in the market, Waterside's challenge was to find a membrane that could be exposed to the elements for a long period of time without immediately installing the roof after the application. After examining a variety of underlayment products, Nu-Tec® opted to use Polyglass' Polystick® TU Plus underlayment for the project.
